

GLOBAL PROTECTION CORP.®

SEXUAL HEALTH REIMAGINED

A NOTE FROM OUR FOUNDER

Since our start on a college campus in 1987, the Global Protection team has been unwavering in its commitment to our founding mission:

“**To innovate, educate and engage in order to make safer sex second nature.**”

Our customers are our partners in this effort. Working closely with non-profits to advance sexual health advocacy is my personal passion. Over four decades, we've had the opportunity to partner with thousands of organizations across the country and around the world to help solve public health challenges in support of causes like yours.

This year, we're excited to continue advancing our history of innovative products and programs. We added a new ONE® Unity Collection to our signature brand and are making ONE® Flex®, the world's first graphene-enhanced condom, available to our public sector customers; we're launching ONE® Lux®, a premium non-latex condom option; we're enhancing our flagship lubricant line with ONE® True®, a 99% naturally derived lubricant; we expanded MyONE® Custom Fit® to include condom bowls in five sizes; and we introduced new condom demonstrators, a MyONE® Demonstration Kit, and an array of condom fit resources.

We're also increasing our overall assortment. We added UltuCup® Menstrual Cups, expanded into new harm reduction supplies, and now offer select vending machine items to ensure we support every outreach method our customers utilize in their communities. And you'll find plenty of other options to meet all your supply needs. From what's new to what's next, we're dedicated to being your single source solution!

Thank you for being a part of our journey and letting us be a part of yours. We look forward to partnering with you to educate and engage your community about safer sex.

FOUR DECADES OF SEXUAL HEALTH INNOVATION & ADVOCACY

Global Protection Corp.® was founded in 1987 with a mission of sexual health advocacy. We pioneered the integration of condoms into popular culture and continue to innovate, educate and engage in order to make safer sex second nature. Our unique products and signature brands have revolutionized the industry.

We developed the single-source supplier model and were the first to distribute our own products along with other industry brands to non-profit customers. As a leading manufacturer and the largest distributor of condoms and lubricants to the U.S. public sector, you can count on:

Advanced Product Development

We bring 40 years of sexual health expertise to the array of products we develop and distribute.

Manufacturing Technology

We leverage the cutting-edge technology of Karex, the world's largest condom manufacturer.

Quality Assurance

We adhere to all FDA guidelines for medical devices and meet the highest safety standards.

NON-PROFIT PARTNERSHIP & PRICING

Since our founding, we've been partnering with public sector customers to help them engage with their communities about condom use and sexual health responsibility.

We work hard to ensure you get the best value for your budget and provide you with products and solutions that advance sexual health advocacy. We're here for you, with:

Exclusive Discounted Pricing

We're committed to helping solve public health challenges in support of organizations like yours.

Great Product Selection

From our own innovative items and custom options to other leading brands, we have everything you need.

Dedicated Service & Support

Our customers are our partners. We offer flexible ordering, fast shipping, expert guidance, and human kindness.

INCREASE CONDOM USE

By Offering More Sizes

When condoms fit well, people are more likely to use them! That's the objective at the heart of our MyONE® Custom Fit® line, offering condom users 52 custom fit sizes. Standard condoms work for many; but for many others, they don't fit properly at all. Standard condoms can only stretch so far, often resulting in erection loss, discomfort and even breakage. Other people need a snugger fit to avoid condom slippage. MyONE® addresses common condom fit challenges with sizes snugger and larger than any other brand. This helps safer sex advocates and educators better promote condom usage.

Our MyONE® Quick Sampler 3-packs help your community try different sizes within the Snug, Classic or Large range. And we now offer MyONE® Custom Fit® bowls of 100 condoms in five size options.

MyONE® Samplers

Introduce your clients to the concept of proper fit. Each pack includes three different sizes from either the Snug, Classic or Wide condom range. This allows people to try condoms at home. Each pack also includes the FitKit® measuring tool.

Custom Condoms® In Action

Global Protection Corp.® was founded in the 80s by creating Custom Condoms® for colleges, movie studios, lawyers' offices, and even Prince!

Our goal was to make it possible for any organization to promote safer sex along with their brand, services, or company. Inspiring condom conversations, one cheeky wrapper at a time. Today, we continue to make this mission a part of our DNA.

From the archives:

In 1995, we made Custom Condoms for the Purple Rain Tour for the artist Prince. Each condom was purple and was packaged to resemble a CD in a CD case.

ORAL DAMS & MENSTRUAL CARE

BARRIER PROTECTION + PERIOD CARE ESSENTIALS

Oral dams are essential for encouraging your community to practice safer oral sex. We're the proud manufacturer of Satin Dams® and the exclusive US licensee for Harmony® Dams. We're also a primary distributor of TRUST® Oral Dams, ensuring a diverse range of high-quality protection products.

To meet the growing demand for feminine care supplies, we recently added UltuCup® Menstrual Cups to our assortment. UltuCup® offers an eco-friendly, sustainable, and cost-effective option for menstrual care. Made with medical grade silicone, the products are free of BPA, dyes, latex, plastic, and rubber.

myONE®

BETTER FIT More Condom Use.

When someone says condoms don't fit, they're not making excuses. Improper fit is one of the top reasons people stop using condoms altogether. Slippage, discomfort, bunching, and loss of erection are all symptoms of the same underlying issue: wrong size.

Most condom brands offer 1 to 3 sizes. MyONE® Custom Fit® offers 52 sizes, including options both snuggler and larger than anything else on the market. These education tools make it easy to introduce the concept of custom-fit condoms in your program and give people a clear, private path to finding their right size.

When condoms fit correctly, feel good, and function as intended, people are more likely to use them consistently.

MyONE® FitKit®

Bundle of 50 • MYE50U

A take-home measuring tool that helps people find their FitCode (size code). Hand one out anytime someone raises fit as a concern!

Condom Fit Education Poster

Single Poster • MYE02

This poster highlights common condom fit challenges and educates on how to find a better condom fit.

Condom Fit Education Pamphlet

Pack of 100 • MYE04U

Explains why condom fit matters and how to use the MyONE® FitKit® measuring tool to find the right condom size.

Let People Try Before They Commit

CUSTOMIZABLE ONLINE PORTALS

Manage Your Affiliate Orders with a Customized Online Portal

We create specialized ordering portals to help organizations manage the ordering and distribution of products to their network of affiliates and/or clients. We create a portal with your logo, and you choose the products featured and who you would like to grant access to. You manage the access and order approvals, and Global Protection fulfills directly from our warehouse.

Core Features:

Approve Orders

Affiliates submit requests via your custom portal. Review, modify, and approve orders with a single click.

Manage Access

Maintain full control over your store by setting per-product ordering limits, frequency-based order limits, and choosing between an open-access or login restricted store.

Products Selection

Choose which products are available for ordering.

Custom Branding

The portal will feature your logo and brand color.

Report on Impact

Access real-time inventory data, distribution volume, and geographic reach to optimize funding and strategy.

Hands-Off Fulfillment

Focus on outreach, let us handle the fulfillment. Approved orders flow instantly to Global Protection for speedy packing and direct-to-affiliate shipping.

Data Collection

Easily collect vital data, feedback, or specific program information from your affiliates using flexible form-based inputs.

DISCOUNTED NON-PROFIT PRICING

Our web store reflects our standard list price. Please reach out to us directly to determine if your non-profit or healthcare organization may be eligible for additional discounts.*

BACKORDERS

Global Protection does everything possible to ensure all items are stocked and ready to roll. In the event an item is temporarily out of stock, you will be provided with the anticipated shipping date, or suitable replacements depending on the needs of your timeline. Unless otherwise specified by the recipient, remaining in stock items on the order will be fully processed and shipped.

CLAIMS & RETURNS

Please inspect your shipment immediately upon receipt. To ensure a favorable resolution, report issues to your Account Manager or Customer Service within these windows:

- **Damages:** Within 3 days of receipt
- **Missing/Incorrect Items:** Within 10 business days of receipt
- **Non-Delivery:** Within 15 days of the estimated arrival date

All returned items must be in new, unused, and unopened condition, in full cases and be accompanied by a Return Authorization number (provided by Customer Service or your Account Manager). A refund will be issued once the item is returned and inspected. A Restocking Fee of 20% of the order total applies to returns. ***

PAYMENT

Global Protection accepts check or money order and all major credit cards. Payment via Purchase Order is available pending approved payment terms.

SHIPPING

In-stock items ship within 2 business days. Orders placed after 2 PM EST begin processing the next business day. Standard ground shipping from Lynn, MA, typically takes 3 - 8 business days. Ground shipping is free on orders of \$450+ to a single location within the Continental US to registered nonprofit organizations. Faster shipping and LTL freight are available for an additional fee.

*Price adjustments cannot be issued once an order has been placed. If you plan to apply as a non-profit, we strongly suggest that you wait to place your online order until your pricing level has been established. **Shipments are sent from GPC via the best available option. Shipping delays may take place at the discretion of the carrier surrounding extreme weather conditions or peak shipping periods. During holiday periods, shipping guarantees are typically suspended. For the most up to date shipping information, we encourage all recipients to keep an eye on the carrier's website directly. Free shipping is applied to ground shipments delivering to the contiguous U.S., when a singular order meets or exceeds the specific dollar value and is shipping to a singular location. Additional carriers and expedited shipping options are available upon request, with an additional charge. ***A return or reshipment may not always be available or the most appropriate course of action. In some instances, a refund will be issued instead. The course of action for all refunds, restocking fees, handling of returns, miss picks, short ships, etc. are at the sole discretion of Global Protection Corp. Policies & Pricing subject to change.
